

PLANNER 2026-27

Dear Students

Academic excellence is built on clarity of concepts, consistency of effort and a disciplined approach towards learning. In an increasingly competitive and knowledge-driven world, education must empower students with strong fundamentals, analytical thinking and the ability to apply learning meaningfully.

At our institution, academics form the core of all educational practices ,the curriculum, teaching methodologies and assessment systems are carefully structured to ensure conceptual clarity, skill development and continuous academic growth. Our aim is to nurture independent learners who are confident, inquisitive and committed to achieve their highest academic potential.

This school planner is an important academic tool designed to support your learning journey. It will help you organise your study schedule, keep track of assignments & assessments and monitor your academic progress systematically. Regular and sincere use of this planner will help you develop consistency, time-management skills and accountability towards your studies.

I encourage you to adopt effective learning strategies, focus on understanding rather than rote memorisation and make constructive use of feedback provided by your teachers. Regular practice, self-evaluation and perseverance are the key elements that lead to sustain academic success.

May this academic year be purposeful, intellectually enriching and rewarding!

I wish you clarity of goals, discipline in preparation and success in all your academic pursuits.

With Best Wishes

**Baljeet Chawla
Director (Academics)**
